

EGG PACKAGING

FOR A SUSTAINABLE FUTURE

Molder fibers are produced entirely from recycled paper; It is 100% biodegradable and can be routed in nature without leaving any traces. Nature, environment and trees are not harmed at any stage of molded-fiber production. Molded fiber packaging are the most valuable part of the sustainable future.

We protect the future

Nature-friendly molder fibers are produced without harming the environment and trees, and our products become a part of sustainable life that protects the future.

EGG PACKAGING

With egg cartons and egg trays with covers that combine durability, protection and ergonomics, that are vital to the modern poultry industry, we custom design and manufacture the best protection, packaging and transport solutions for eggs. Divided into two groups as cartons and trays, egg packagings may also vary according to the width, length and quantity of the products. Egg packagings protect products against impacts, vibration, breakage and shock. With its moisture absorbing feature, it prevents odor, perspiration and deterioration.

100% Recycled Raw Material

100% Recyclable

Maximum Protection

Suitable For Automation

EGG CARTONS

Divided into two groups as Flattop and Daphne, covered egg packagins protect sensitive products against any impact when placed on top of each other, preserve their form and seem aesthetically pleasing.
